# An Enhanced Local Recreation Facility

A New Facility Will Service More Users

*NOTE: Weekly estimate of users based on current levels of participation in various activities*

**PROJECTED COST**  
**\$10M - \$11M**

## A New Regional Facility

The Rome Community & Recreation Center will provide an opportunity for Rome to host large local and regional tournaments bringing visitors to our city. At the same time, a local facility would reduce the burden to parents of our community participants currently traveling to venues outside of the city.
